Application Development Final

Application Name : My Doc

- **Sign up option**
  Sign up option should contain Name, Company, E-mail, Phone
  Sign up option is for Manger user
  there should be a profile for logged user and a profile photo
  (you can refer the pdf that i have send)

- **Sign in/Log in**
  This option is for Companies which are coming under specifi Manager's
  This option should be OTP login

- **Membership**
  There will be two type of membership plans, Monthly and Yearly
  First month will be free for both plans, after that access will be restricted
  and notification will be shown for taking a plan

- **Login Home Page**
  If manager is logged there will be companies option, employees option
  and our services option (refer pdf)

  when companies option clicked from home page, there will be a company
  profile with address and two options 1. Employees 2. Documents

  when employees option is clicked from home page, manager should able
  to see all the employees from all the companies under him

  when our services clicked you can see the services listed in the pdf
  (these are default services now, admin/app owner should able to add
  services later also)

  when manager is logged the service request should be send to admin/app
  owner after submission and the payment of service also for admin/app
  owner

  service request should have a name it can be taken as
  what is the service request category#1, category#2 like wise
  there will be a description and documents upload feature then submit

if companies are logged there will be company profile with Manager name , employees, documents and our services option
so here in the case the service request will be send to Manager and payment for service also for manager

Also there will be a status of request submitted like draft, processing, completed

- **Documents**
Documents must have a share option to share in different social medias
there must be a dte input for issue date and expiry date
expiry date should have a reminder (in-app reminder also emai for company and Manager) before 1 month of expiry date

- **Application should be available in Arabic Language also**
